Treasurer's report: The final payment to Manhattan Productions has been made. The final flight payment is due on February 23rd, 2015.

Librarian report: Fines have been imposed on people who don't get their music back as per our Handbook and have been paid. The RePlay music is due in a couple of weeks.

Auditions: There are not any scheduled midyear auditions. ***A couple of people have requested auditions and Tom will look at their submissions*** and determine whether or not to audition them individually.

TPS: ***Tim will get from Andy the definitive number of people we can have on stage at one time.*** We have been asked to be backup for Andrea Bocelli again December 2, 2015. Again we will be limited to 60 people.

Update form: We will ask every singer to make sure their address, email information, and absence information are all current. Expect to make those corrections at the next rehearsal. There are likely to be a some performances when we will need to limit the number of singers so it is critical we have current information.

Cell Phones: It is requested that unless you have chorus business (latecomers to rehearsals notifying section reps etc) you do not use your cell phone during the rehearsal. This is a time to focus and enjoy the music and should be a break from multitasking.

New York: Tom has sent the markings for the Lord Nelson Mass. The Dan Forrest music will likely be here in March; ***Tom is in discussions now about how to handle the rehearsal schedule while in New York for our own 10 minute performance and will notify those going ASAP about any rehearsal schedule changes.*** It is likely we will do the Schickselied as the second piece.

Tentative April performance: ***It is necessary details are finalized for the April concert at Pinnacle Peak.***

The next council meeting is March 8, 2015 at the home of Lynne Traverse. Meeting adjourned at 6:10.
