

The Phoenix Symphony Chorus (TPSC) Rehearsal Venue Safety Protocols

Central United Methodist Church (CUMC)

1875 N Central Ave, Phoenix, AZ 85004

TPSC rehearses in Kendall Hall at CUMC. The following information was provided by CUMC.

- In the event of a fire or emergency, Kendall Hall has multiple exit possibilities.
- TPSC can exit directly outdoors through either of the two double doors in Kendall Hall (equipped with panic bars), which provide access to the courtyard.
- In the event that direct access is needed to the campus exterior rather than the courtyard, TPSC can exit through the double doors of the Fireside Lounge at the rear of Kendall Hall (equipped with push bars) and out the doors just beyond to Palm Lane (unlockable from the inside with a simple deadbolt mechanism and push bar).
- The same door exiting to Palm Lane is accessible via the Womack hallway, just beyond the women's restroom.
- If the East Dining Room is being used as an entryway, the door in that room provides access to the rear parking lot.
- TPSC should identify an emergency meeting place to account for all members following an emergency evacuation.
